HOSPITAL BOARD SUBMITS REPORT PRIOR TO END OF TERM JAN. 6, '53

Now that the tumult and shouting have died away, and as the term of office of three of the incumbent directors terminates on January 6, 1953, it is appropriate that the present Board give a final accounting of their stewardship including the present status of the West Valley Hospital District, so that the voters of the District may be advised of the true picture in considering a future course of action.

Richard Gordon, and the Campbell Grammar School orchestra presented a 30 minute musical program, well-received by Campbell Kiwanis Club at their regular meeting Tuesday noon. Chairman of the day was Herbert W. Neale.

"The West Valley Hospital District was formed in 1949 pursuant to legislation known as "The Local Hospital District Law" enacted by the State Legislature. The opposition to the present policies of the Board has stated that the District was formed by a "quiet election" held in 1949. The number of votes cast in this election amounted to 2660, of which 1999 voters approved the formation of the District and 661 voters opposed the same. The law provides that areas may organize or unite for the formation of districts (community or rural area hospitals) and levy a tax rate not exceeding 20c for $100 of assessed value exclusive of repayment of bonded indebtedness. Bonded indebtedness may be incurred only by a two-thirds vote of the electorate in the District..

"The West Valley Hospital District comprises the townships of Redwood (Los Gatos), Saratoga and Campbell, an area of approximately 80 square miles, with a present population of approximately 60,000. In this area there is no hospital except the County Hospital, in one corner of the district. The original directors, following the election of 1949, quite naturally felt it was the desire of the electorate in voting a hospital district for them to proceed as expeditiously as possible to investigate available hospital sites, obtain cost estimates and do all things necessary to achieve the purpose implied by the voters in the 1949 election. They felt it reasonable to suppose a hospital district was not voted for the purpose of constructing a fish cannery, a bus terminal or an auditorium, but rather for the purpose of ultimately constructing a district hospital.

"The law provides that in order to receive State aid for the construction of a district hospital, the district must first have acquired a suitable site. Since in the interests of the taxpayers of the district, it was deemed advisable to solicit State and Federal aid, as provided by law, the directors first set about choosing a suitable location for the proposed hospital. Many local realtors were advised and various proposed sites were examined. The site finally chosen is close to the geographical and population center of the district. There were other factors considered; namely, the proximity to the Los Gatos- Campbell Highway, public utility and sewer lines, and the fact that the present ten-acre site could be purchased at a reasonable figure ($16-500.00). On the site purchased is a house which together with a share of the crops has consistently produced a net revenue in excess of 4 per cent of the sum invested. The original Board of Directors felt that a nominal tax levy should be made in order to pay cash for the hospital site and to obtain cost estimates consultative and legal services and preliminary architectural work, fire insurance, etc. No director has at any time received any fee for his services nor any advantages of a business or personal nature by reason of his service on this Board. On the other hand, thousands of hours of community service have been rendered to the district by the original directors and their successors.

"On May 2, 1949 application was made to the State of California for State and Federal aid. Contrary to the statements made by the opposition to the recently proposed bond issue, aid has never been denied the West Valley Hospital District. Such applications are filed in accordance with the urgency of need as determined by the State Department of Hospitals.

At the time of the recent Hospital Bond election there was on file in Sacramento in excess of $34,000,000 in applications for State and Federal Aid for the construction of District Hospitals with only $2,750,000 available. The West Valley Hospital District would be given consideration for State aid if and when funds are available but the Board feels that there will not be funds within the foreseeable future.

"It has been obvious during the recent bond campaign that there has been a small, but well organized group actively opposing the

Finger Clipped, But Talent Saved By Classmates

For Kenneth Dillon, Campbell Grammar School sixth grader, it was an ill wind that swirled through Campbell two weeks ago Monday. A strong gust slammed a door against his left hand, taking off the little finger at the last joint.

Kenneth bore up well under the pain as he was taken to the doctor, but for him the accident was a double blow. One of Kenneth's main interests is his clarinet. With a shortened finger inportant keys would be forever out of reach.

In the spirit of the Christmas season other music students at the school rallied to Kenneth's aid. They talked things over and came up with a plan.

School talent was called on. Under direction of Dick Gordon, a program of music and skits was given today in the school auditorium. Admission was 25 cents.

The proceeds will be used to help buy Kenneth a trombone. On a trombone a shortened little finger is not a critical matter so Kenneth will still be able to follow his musical interest and make good use of his talent.

SIGN TIME. Joaquin Payne (right) and Fred Jones Jr., point to white map on white wall of Campbell Water Company to show where 32 signs at street intersections between San Tomas Creek and Los Gatos Creek will be placed by Campbell Rotary Club.

The Club under the chairmanship of Jones plans to construct and install the signs as a community project to beautify the city, after receiving the approval of the City Council Monday night.

Signs of uniform design and construction are approved by the California Highway patrol.

The mayor and the council accepted the offer and agreed to abide by the conditions set by the Rotary Club that city maintain and accept future liability.

PLANNING COMMISSION APPOINTEES SELECTED BY CITY COUNCIL MONDAY; TO SERVE AFTER ORDINANCE EFFECTIVE

With the approval of the City Council, Mayor Richard W. Morton, Monday night informally appointed the city's first seven-member planning commission. Formal appointment is expected at Council meeting December 29 when appointees are expected to be present.

Members will serve as of effective date of ordinance creating the commission, December 24.

CHARLES S. GUBSER
. . . Speaks to Rotarians

Those informed of their pending appointments are: Guy E. Farley, Homer Hyde, Hollis L. Logue, John M. Chargin, Kenneth Priestly, Theodore Solari, and J. A. Thomlinson.

The mayor in making the informal appointment, said his selections represented as wide a cross-section of interests as possible from among residents interested in the development of Campbell.

Farley, Campbell Ave. realtor and subdivider has long been connected with civic projects. Hyde, secretary and general manager of Campbell Water Company, former president and now on the board of directors of Campbell Rotary Club was chosen as representative of an industry interested in the welfare of the city. Logue, an architect, associated with the firm of Koper and Logue, practices in San Jose, lives at El Solya Ave., brings a special talent to the commission. Chargin, an attorney practicing in San Jose also lives in Campbell at 105 Memory Lane, Priestley is a farmer and manufacturer; Solari is a Campbell Ave. merchant. and Thomlinson is a former president of Santa Clara Exchange and has served on the zoning and planning committees of the City of Santa Clara.

Council members plan to hold a short council meeting December 29th at which planning members will be present and a resolution concerning the appointments is expected to be adopted.

CUHS XMAS PLAY FREE TO PUBLIC TONIGHT AT 8 P.M. IN AUDITORIUM

Campbell High School's drama department, under the direction of instructor-author Ken Wallace will present this year's "Christmas Gift to the Community", an original play by Wallace titled, "A Miracle at San Houle", free to the public tonight at 8:00 p. m. at the High School Auditorium.

Thirty-five high school drama students will enact the story of the nativity in authentic biblical type costumes by Nora Steward.

Jerry Cupp, a sophomore, plays the part of Little Pepe; Ray Mossholder, senior, enacts the padre of the village; Don Thompson, as the stranger from a distant city tells the story of the Nativity.

The seven miracles in the play are revealed by effective use of spot lighting.

Other difficult staging problems including the effect of three time periods have been worked out over the weeks to the satisfaction of Instructor Ken Wallace.

Set design research was made by Alice Jones, Isabelle Kirk, Barbara Dunton, and Peggy Stamp who assisted Alice Jones in painting and set construction.

Wallace who wrote the production especially for "Campbell's Christmas Gift to the Community" an annual presentation free to the students and the public has sold reproduction rights to the Dramatic Publishing Company in Chicago.

Wallace explained he did not want to release his rights to the play until after the local performances.

"Otherwise", he explained, "I would have to buy copies of the play for my cast, and I would be legally unable to make any necessary play changes during rehearsal.

"Miracle will be on the market next year in time for 1953 holiday business", he said.

As soon as published, a copy will be placed in the Campbell Library, Wallace said.

CAMPBELL MERCHANTS HELP DECORATE COMMUNITY DESPITE APATHETIC C OF C

Two current situations have brought to light the utter ineffectiveness of the Campbell Chamber of Commerce as the semi-official voice of the community and the spokesman for Campbell businessmen.

The lack of accord in interesting a Campbell resident in accepting the general chairmanship of the Old Settlers' Day program, and the matter of City Christmas decorations, are the cases in point.

Three meetings have been called to consider suggestions for selecting a more appropriate date for the Old Settlers' Day program and to pick a general chairman for the annual event. To date nothing has happened.

No one seems willing to accept the responsibility. Business men feel they will not be backed up. They feel it is not worth the time, effort, and expense to accept such responsibility without the wholehearted support and backing of a strong local chamber of commerce.

The second situation, appallingly evident, is the complete lack of community organization in the matter of Christmas decorations for the city as a whole. Almost every city in the state has gone all out in this respect. For example, the entire city of San Bruno has been decorated. Redwood City has a Nativity scene in its civic center. Los Gatos plaza has a Christmas scene. Mountain View has a new type of plasta luma lightpost electrolier featuring Christmas scenes and greetings. The annual live sheep scene is being enacted in the park; an outdoor community song festival has been scheduled. Hundreds of other instances could be cited.

Credit should be given the Campbell merchants who are interested enough in their own businesses and their own community to put forth the time and effort necessary to decorate their stores in spite of the ineffectiveness of their only voice, the Campbell Chamber of Commerce.

A few progressive merchants have blossomed out with Christmas coloring befitting the Yule season.

Most striking displays in Campbell this year are the 12-foot Christmas tree decorated with vari-colored Christmas lights stop the building occupied by Accardi's Appliances; the 15-foot strings of large red, green, yellow and white lights that drape the front of Dobie Jeffer's men and Boys wear Store; the gleeful head and shoulders of St. Nick, framed in holly that occupy the front show cases of Benson's Cleaners; the frosted stars surrounding a brightly-colored Christmas tree rising from a row of year-round potted plants at Shaw's Bluebell Cafe; and the Campbell Water Company's hand-painted front window giving Season's Greetings from a red-hatted snowman eyeing a frozen stick of peppermint candy.

In the front window of Accardi's, large hand-painted Christmas candles sprout from yuletide greenery. Across the street, the law offices of Martin S. Walsh have similar candles, painted by secretary-clerk Mrs. Verner Allan.

Shading St. Nick's portrait in Benson's angular showcases are two-foot high artificial blue candles topped with red-bulbed frame set in a red base surrounded by holly leaves and berries. Inside the door, the large wall clock seems embedded in a red placard bearing the greeting "Noel" in silver letters. Holly leaves and red berries frame the greeting.

Clark's drug store greets customers with loudspeaker renditions of Christmas carols, and carries out the theme with gaily colored tinsel decorations throughout the store.

Rheas Golden Rule has long V-shaped tinsel cords supporting brightly colored Christmas bells in the front windows.

Frosted windows in Christmas colors adorn the front of American Auto supply store.

Small Christmas trees, wreaths, Christmas ball and red bells enliven the atmosphere at Campbell Variety.

A large Santa Claus wishes Campbell Hardware customers a "Merry Christmas" from the light of a decorated Christmas tree.

There is a cardboard Santa Claus alongside a lighted Christmas tree in Leonard's Campbell Furniture Appliance Store.

House of Carpets have large Christmas wreaths above giant, Christmas wrapped packages in their front showcases.

It is dismal to contemplate what the city of Campbell would look like in this Christmas season, if the matter of encouraging customers and visitors by means of external appearances, were left to the Campbell Chamber of Commerce.

Charles S. Gubser Addresses Rotary Club Meeting

Tenth District Congressman-elect Charles S. Gubser in his talk to Campbell Rotary Club Monday at IOOF Hall, said he thought there would be little personnel changes in governmental positions in the lower echelons due to the change in administration.

In particular he mentioned that of the four postmasterships where changes may be made, selections will be based on the merit system. Permanent civil service postmasters, of course, Gubser said, will remain in office.

Gubser said there was greater Republican unity in all elements of the party in spite of some indications to the contrary.

The congressman-elect outlined some of the duties that await new congressmen, and gave an outline of Congressional pay and allowances.

Campbell Rotarians Christmas party is scheduled for next Monday evening at 7:00 p.m. at the Countrywomen's Club House. Each Rotarian is asked to bring his wife and children. Dinner will be served without charge to children. Entertainment will be furnished by the club.

Last week's meeting was the annual club asembly at the Villa Felice.

DR. DAN CLARK, MEDAL WINNER, TO NEW ORLEANS

Dr. Dan Clark, who has been at his mother's home since his return from Japan, will leave on Christmas Day for New Orleans, where he will take up residency at the New Orleans Charity Hospital, which is the second largest charity hospital in the country. Dr. Clark will drive to the southern city, and will start his new job on New Year's Day.

Dr. Clark, the former Navy Lt. (jg) was recently awarded the Silver Star Medal for gallantry while serving with a Marine battalion aid station in the advance on the Yalu River in early Korean fighing.

Medal was awarded to Clark after he stuck to his post although wounded by North Korean small arms fire. He served six months in Korea, and was separated from the service Aug. 1. He went on active duty in 1949.

IN CAR CRASH

A Campbell resident was involved in an auto accident at 8.25 a. m. Saturday morning in a two car broadside right angle collision 1/10 of a mile south of the Shelley Road on San Jose-Los Gatos Road.

No injuries were reported in the accident.

Campbell driver was Vladimir Fabris, of 760 Normandy Drive, Campbell. Other driver was Mateo Uhere, Box 10930 Saratoga-Sunnyvale Rd., Cupertino.

Shirley Shanks, seven year old daughter of Mr. and Mrs. Harold Shanks of 615 Sweetbriar Drive, along with 14 other local students of Academy of Dance, performed last Wednesday evening in the IOOF Hall for the Christmas party held by the Campbell American Legion Auxiliary for the member's families. Local Fire Chief Gives Hints For Safe Tree Lights

'Bedeck the Christmas tree in lighted splendor, but make sure it's safe." This timely advice is offered by Campbell Fire Chief Jack B. Scott.

"You're asking for trouble if you use damaged strings of lights. Worn or frayed insulation, cracked sockets and loose or taped connection can turn an otherwise joyous occasion into a holocaust." he added.

Scott said that when buying any type of illuminated decoration always look for the Underwriters' Laboratories tag of approval.

This signifies that the product has been tested and is considered safe for use in your home."

Scott offered other suggestions for decorating the home for Christmas.

Use a tree holder that is designed to hold water. There are many such inexpensive types available. An average size tree will absorb as much as a pint of water a day. The water will help keep the tree fresh and green and lessens the inflammability. A moist tree sheds fewer needles too. Keep the tree away from radiators and heating ducts. An extension cord makes it possible to place the tree anywhere you want it.

"When trimming the tree start at the top and work downwards. A good trick, if you are short of lights, is to weave the lights back and forth on the front part of the tree. Fill in the bare spots with non-illuminated decorations. It creates the illusion that there are more lights than there actually are."

"Stand on a firm base, especially when trimming the top of the tree. It is best not to connect the strings to the electrical outlet until they have all been arranged on the tree."

In addition to the foregoing Scott advises:

Be careful while smoking at home.

Use metal tinsel, glass ornaments, or asbestor wool and remove trees, and other inflammable materials immediately after the holidays.

Don't use cotton to trim the tree or use cheap electrical equipment.

Don't use lighted candles on or near the tree.

Don't leave the electric lights on a tree lit when you retire or are away from home.

Don't use wax, lacquer or other inflammable material on trees or wreaths to make them more attractive.

Don't burn wrappings, boxes, trees or other decorations in fireplaces.

Janis Henley Bids Bethel 174 Adieu As Queen

Janis Henley, as outgoing honored Queen of Job's Daughters, Bethel 174, bade farewell to her co-workers at the December 13th meeting in IOOF Hall. Janis thanked the officers, choir, committee heads, retiring guardian Mrs. LBen Howard, associate guardian Mr. Les Titus and the guardian council for their cooperation and fine spirit during the six months of her reign. Janis will serve as installing queen on January 10th, when Darlene Campbell will become queen.

Mrs. LBen Howard was escorted to the East by her daughter, Sandy Howard, who on behalf of the Bethel presented her mother with a guardian pin. Mrs. Howard spoke in appreciation of the gift and her enjoyment of her work with Job's Daughters.

Refreshments of punch, coffee and doughnuts were served.

Christmas decor, arranged by Lynne Schaper and Mr. L. C. Schaper beautified the scene, with a Santa Claus in the West and a skating scene in the East, while candles and Christmas napkins appointed the tables.

After the meeting the Bethel was invited to the installation dance of the Masonic Lodge in the school cafetorium.

The Bethel will next meet on December 23rd, when the girls will carol at the Saratoga IOOF Home, at a rest home and on the streets of Campbell. Refreshments will be served after the caroling at the home of Mrs. Robert Marcum, and gifts will be exchanged by the girls. Admission to the party will be in the form of wire clothes hangers, as Queen Janis is completing a drive started a month ago to collect hangers for the Goodwill Industries. The drive is the charity project required by Mrs. Betty Monsees, Grand Guardian of the State of California.

On January 19th a program will be given by Bethel members at the meeting of Chapter 553 of the Order of the Eastern Star, for Worthy Matron Cora Haufmann and Worthy Patron Wilbur Mitchell. Ballet numbers will be presented by Leilani Johnson, hula numbers by Deana Sterns, a duet by Janis Henley and Kathy Jones, a solo by Deanne Doerr and "The Whistler and his Dog", by Lynne Schaper.

This veteran public telephone installation at the corner of Alvarado and Franklin in Monterey, California, has been busy serving the public since 1930.

MEET AN OLD FRIEND ON "MAIN STREET"

For more than 70 years, public telephones have been on the job in the West to bring you service when you need it

One of the oldest landmarks along the "Main Streets" of the West is the familiar blue and white sign of the public telephone. And it doesn't just happen that you're never very far from one of these signs when you want to make a call. We now have some 92,000 public telephones at work in the hundreds of communities where we operate locally here in the West—and they've been carefully placed to make sure a telephone is always readily available to you away from your home or place of business.

You've just arrived in town—and, of course, you depend on the telephone to help you contact relatives and friends. That's why we've put public telephones in all bus, rail and air terminals—as well as drug stores, filling stations, hotel and theater lobbies and a host of other handy places From any of these telephones you can be linked—swiftly and efficiently—with any telephone, anywhere. And we're installing even more public telephones every day.

Your telephone is one of today's best bargains

Making sure good telephone service is available when and where it is needed is just one more way we work to make your telephone ever more useful and valuable to you.

"'TIS THE WEEK BEFORE CHRISTMAS

CAMPBELL HI-LIGHTS

by Bob Olson

We hope to see you all at the world premiere of Mr. Wallace's sensational Christmas play in the auditorium tonight. We saw it in assembly yesterday and can only say that it's even better than advertised. After being carried away for two hours to a small peasant village in Mexico, we returned to Campbell with a better idea of what Christmas really means. Even the Scrooges among us are moved at this time of year, and Wallace's villagers, shepherds, and wisemen will help remind you too that the holiday seasoon has a much deeper significance than gift-exchaanging or bucking shopping crowds. But you'll do more than see the firs; production of a fine play. You'll be thrilled by a fine concert of old fashioned Christmas music as presented by Mr. Frank Triena's orchestra, mixed chorus, and a cappella choir. We were especially moved by their "Gloria Patri" and the lighter "Ding Doong Merrily on High". Don't miss sharing CUHS's "Christmas Gift to the Community". Many of us have had to pay admission to programs far inferior to this almost professional production.

If you're free Saturday afternoon drop in to see a colorful basketball double header in the boys' gym. Coach Robinson's title contenders will find strong competition in the busload of hotshots coming to Campbell from Santa Cruz.

Some of us have spent the past week reading plays like .'Our Town" with your fellows and girls. Since Mr. Wallace sold the Christmas play there's been a lot of interest in words like "royalty" and "script", and then too there's already talk of the 153 Senior play for which tryouts will be held after Christmas vacation. A poll is circulating trying to determine if this Spring's show should be tragedy, comedy, melodrama, or what have you.

Some of the most interested thespians (a new word the juniors learned this week!) will be pouring over plays during the holidays, and we should know the name of the production by next column time in early January.

Campbell high's agriculture department has already received its Christmas present, in the form of a new Ag-Farm Mechanics Building located in the north wing. This $80,000 structure has a big classroom, library, committee room, locker, and lavatory with shower with private offices for both Ag and Farm Mechanics instructors. Its shop boasts six arc welders, a power saw, and drill press, with a gas welding table and forge on the way. How are you going to keep them down on the farm when a high school has this kind of a plant for inspiration?

Sue Morris asked a significant question the other morning second period, "Why do people always expect a picture to make them handsome or beautiful when they are really homely?" She was referring to many of her classmates who expressed dismay upon receiving the 1953 annual snaps and finding that the camera didn't see them as the Gregory Peck they thought they were.

Wrestling is not really what we see on television. Or so claims Coach Miskulin, Campbell's wrestling coach, with whom I certainly won't quibble! He is living proof that a mat man doesn't have to be a gorgeous George. To see what he means, come over to the boys gym tomorrow afternoon to see his "young apes" tangle with Hayward's wrestlers in the season's first important match. Hayward is said to have the best team in northern California or so they claimed before meeting our unpinnable Buccaneers. Come out to see if we can give the Farmers their second defeat in five years—which everyone would consider quite an upset.

Every school has its unheralded service groups. Two of ours are the Buccettes, the girls' service club which is ushering the Christmas show tonight and the Eta Phi Hi-Y's who'll usher all this season's home basketball games. The Buccettes will wear frilly dresses for their work whereas the Hi-Y's will don Campbell bloc sweaters and wear white arm bands. Good work, girls.

And now for two weeks vacation or as one of my juniors put it this week we'll:

Have a happy holiday
Take your rest
You've earned one
Sing a carol
Trim a tree
Have your kind of fun.
You'll come back fresh in '53
For another half year's schooling
But as for now
Enjoy yourself
It's vacation time—no fooling!

The annual Sunday School Christmas program of the ASSEMBLY OF GOD CHURCH will be given on Sunday night, December 20th, at 7:30 P. M.

Planned for the program are carols by the congregation, Christmas recitations by the smaller children, a picturesque angelic scene by the Junior girls, a skit, a voice speakiing choir, and special instrumental and vocal selections by the older young people. A gift for each will follow the short talk by the pastor, Herbert Johnson, on "Jesus Christ, God's Gift to Us."

100 YEARS EXPERIENCE

Bringing you faster, more dependable service

Early-day utility crews answered calls for gas and electric service in horse-drawn wagons like this.

P. G. and E. was quick to use the first autos to speed service in rapidly developing California.

Today hundreds of modern P. G. and E. trucks use two-way radio, latest tools to safeguard your service.

Your P. G. and E. service crews, with a bigger job every year, have steadily increased their efficiency and capacity to serve you. Yet, the prices you pay for gas and electricity today are far below what they used to be. Today in a typical city you pay only $8 for 100 kilowatt-hours of electricity and 100 therms of gas that would have cost $60 when P. G. and E. service was young. One of the best results of 100 years experience is that gas and electricity are truly cheap throughout Northern and Central California!

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

For the first time in the long history of the nation's anti-trust laws, the maximum discount principle is now operative.

* * *

The decision of the Federal Court in Washington, D. C. upholding the Federal Trade Commission's authority to invoke the maximum quantity discount section of the Robinson - Patman Act, in the tire industry, establishes all tire dealers on a more even competitive footing.

C. W. Harder

* * *

FTC, using powers granted it by Congress, ruled that a carload of 20,000 pounds is all a dealer must buy to earn the maximum discount.

* * *

The Big Rubber Four appealed to the courts. While this test went on, enforcement of the ruling was suspended. Court action upholding the FTC ruling made the order effective immediately.

* * *

Appearing as a friend of the court was George Burger, vice president in charge of the Washington office of the National Federation of Independent Business which originally requested the FTC action in the tire industry.

* * *

This ruling on tires indicates what can be accomplished in many industries where independent dealers are severely discriminated against. Testimony showed that in the tire business, company owned stores, and other favored retail outlets often sold tires for less than independent dealers could buy them.

* * *

These same tactics are also employed in other industries.

* * *

For example, there are many complaints in the television industry that special "under the counter" discounts and deals are favoring a few retail outlets, while most dealers do not receive such consideration.

* * *

Neither does the public gain.

* * *

Major factors in the television industry maintain a price schedule to the consumer. This results in big profit for a favored few.

* * *

No manufacturer loses money on the sets sold to a favored few retail outlets, it is believed.

* * *

Therefore, the conclusion is being rapidly drawn that there is a great deal of inflation in the price consumers pay for TV.

* * *

But this fact, in connection with the FTC ruling, is the most important of all.

* * *

For the first time in history, organized independent business now has a workable, practical tool to correct the grave injustices of price discriminations.

* * *

In another field, Washington gets a chuckle out of Congressman Howard Buffet's (Neb.) analysis of foreign aid.

* * *

He says in effect, "Lo the poor Indian. The Mutual Security Administration has been operating not just four or five years, but 75 years, starting with the Indians. And what is the condition of the Indian today? Are we now developing European Indians?"

* * *

The wisdom of this ironical observation was buttressed by the action of the French government in setting up a new budget.

* * *

The new budget is predicated upon the American taxpayers supporting a large part of the French budget through MSA grants. And oddly enough, France set up this budget before a new U. S. Congress has met to consider increased aid for France.

More About . . . Hospital Board

(Continued from Page 1)

construction of a district hospital in the West Santa Clara Valley. The Board has attempted to analyze the reasons for this opposition and believes them to be as follows:

1. On the part of the opposition campaign committee a desire to 'protect" and foster the financial interests of hospitals located in the city of San Jose.

2. On the part of the voters as whole, an opposition to the tax levy represented by the opponents as a fearful burden. The present Board feels that the tax "burden" as presented by the opponents was so distorted, the voters became confused and unduly apprehensive, hence defeating the bond issue by a vote of 5606 to to 3106, choosing thereby to believe the statements made by the opposition group.

"As an example of the distortion of facts used in the campangn, consider this. The opponents claimed an average of 102 empty beds daily at the County Hospital. On Dec. 1st, Dr. Chatton, County Hospital Superintendent filed a request with the Board of Supervisors asking a 100 bed addition, stating that the hospital operates at 95 to 100 per cent capacity and tubercular cases are walking the streets waiting for beds.

"It is doubtful that parallel can be reached in a local election wherein the impugning of motives of public spirited citizens, the distortion of figures representing available hospital facilities, or the appeals to false patriotism, ever reached such a low point in order to sway the voters. It has been a revelation to the present Board to view the political tactics used by the opposition. Small wonder it is that private citizens shun public service under such conditions. The opposition even "dragged out" the Liberty Bell in their radio campaign, resorted to red, white and blue brochures, and impugned the motives of the candidates, alleging by innuendo that two candidates for re-election on the Board expected to derive some personal gain from the sale of drugs and insurance coverage to the hospital. This shows such a crass ignorance, or such gross misrepresentation as to be absurd, if not damaging to the personal reputations of the candidates. Mr. Herbert Shadle once owned a retail drug store and has been retired from all business activity for the past five years. Mr. Don B. Wentworth is the District Manager of the Jefferson Standard Life Insurance Company for the Counties of Santa Clara, San Benito, Monterey and Santa Cruz. This company does not sell insurance other than life insurance and annuities.

"In view of the attempted "character assassination" made by the opponents of the West Valley Hospital, the present Board of Directors has called for a detailed audit of the finances of the West Valley Hospital District from date of organization to January 6, 1953, (at which time three of the five incumbent directors will be relieved of their present duties). The Board has also requested the Los Gatos-Saratoga Board to make an appraisal of the property owned by the West Valley Hospital District. This financial statement and appraisal of property will appear in the Press at an early date. There will be a very substantial sum of cash on deposit to the credit of the West Valley Hospital District, and other assets as will be shown in the auditor's report.

"The course to be taken by the incoming Board of Directors and the policy adopted by them will be their responsibility. The present Board wishes to thank the voters in the district who expressed their approval of the present policies and proposed plans for the district. It is the sincere wish of the present directors that the Hospital District will not be disbanded and that the funds already available will be conserved for the ultimate goal of the construction of an adequate hospital in the West Santa Clara Valley, at such time as the voters may decide the necessity of such action."

Letter to the Editor

Campbell's Old Settler's Day, is the oldest annual community celebration in Santa Clara County, and except for the Pasadena Tournament of Roses the oldest in the state.

The Campbell Celebration extends back almost to the beginning of the town, when there were scarce a dozen buildings, and when the average daily attendance at the school was 35 pupils.

Long may this custom continue, cementing more closely the lives and interests of those who are endeavoriing to make Campbell such a place as will attract the better classes to our midst as permanent settlers.

Among the speakers "in the morning celebration" who have addressed the gatherings down through the years, have been eminent judges, University presidents, Lieutenant-governors, a dozen Stanford professors, a dozen from the University of California, State Senators, army officers, leading churchmen from Berkeley to San Francisco and many more too numerous to mention.

If the date is changed, the celebration will never be the same again. Let us keep the date this year, and risk the rain.

There are people that are never satisfied with dates, as they are always ready to make a change.

Signed. Charlotte Willot Sutter.
